## SUMMARY

---

Motivated Computer Science student graduating in 2028, seeking a Software Engineering Internship opportunity to apply skills in Java, Spring Boot, React, MySQL, REST API development, and data structures. Eager to contribute to software design, development, testing, and deployment while quickly learning new technologies and solving complex technical problems in a collaborative, fast-paced engineering environment.

## EDUCATION

---

### Andhra Loyola Institute of Engineering and Technology

Bachelor of Technology (B.Tech) – Computer Science

July 2025 – August 2028

## PROJECTS

---

### E-Commerce Backend Application

- Designed and developed a scalable backend application covering product catalog management, cart handling, order processing, payments, and administrative operations.
- Developed RESTful APIs using Java and Spring Boot with MySQL for efficient data storage and CRUD operations.
- Implemented role-based endpoint security using JWT-based authorization and input validation.
- Applied problem-solving and backend development skills to design solutions for multiple interconnected application components.

### Online Banking System

- Developed a backend-focused banking application simulating account creation, deposits, withdrawals, and money transfers.
- Implemented authentication and authorization using Spring Security to protect user credentials and restrict unauthorized actions.
- Managed transaction logs and database operations using MySQL to support auditability and data integrity.
- Designed application functionality around secure and reliable processing of financial transactions.

## TECHNICAL SKILLS

---

**Programming & Frameworks:** Java, Spring Boot, Spring Security, JWT, React **Databases & Backend:**

MySQL, DBMS, REST API Design, CRUD Operations

**Computer Science Fundamentals:** Data Structures, Problem Solving, Logical Thinking

**Professional Competencies:** Communication, Collaboration, Adaptability, Analytical Thinking, Self-Motivation

## CERTIFICATIONS

---

Programming in Java – NPTEL Swayam (55%)

Cloud Computing – NPTEL Swayam (58%)

AWS Cloud Fundamentals – 1-week Hands-on Workshop
